BUNGLING THAT MAY LEAD TO BET-TER AUDITING METHODS.

Changes on the Vandalia-Interstate Commission to Be Asked to Protect Roads Against Scalpers.

The Evansville & Terre Haute case is looked upon as an excellent example of the kind of thing that it is hoped, says the Wall Street Journal, will be eliminated by the adoption of the practice of independent in value in the next ten years; northeast corner examination of railway accounts. The Wall Street Journal is of opinion that every road should have a carefully prepared report made for its stockholders, not merely for their information and protection, but for the information and protection of the n the investment. See this choice down-town | companies' managers. "What the stockholders want," says that paper, "is not merely a certificate of the correctness of the bookkeeping, but they want also expert judgment as to the integrity of net earnings and in somewhat lesser degree as to the valuation of their assets. There is all independent auditors' certificates as certificates of profits. This is a great mistake. Most of them do not certify to profits at all. It will be said with justice that public accountants are not railway experts. This is true as a general rule, though we could name not a few practicing account- agent. ants who are in every sense of the word railway experts. If, however, a company FOR RENT-See list at 131 E. Market; ground floor. GREGORY & APPEL. recognizes the principle of independent examination of its books for the information and protection of its stockholders, it would be easy for it to employ a strict accountant to certify to the correctness of the bookkeeping, and an expert to certify to the integrity of the profits. Then stockholders would have a report and a certificate that was worth something on which they could rely with confidence.

G. R. & I. Annual Meeting.

The annual stockholders' meeting of the Grand Rapids & Indiana Railroad, at Grand of the following directors; James McCrea, Joseph Wood, J. J. Turner, E. B. Taylor and H. Darlington, of Pittsburg; W. R. of T. J. O'Brien, of Grand Rapids, and the selection of E. B. Taylor. The board of directors will meet for the election of officers at Pittsburg within a week, and officers will be selected as follows: President, James McCrea; vice president and treasurer, W. R. Shelby; secretary, R. R. Metheany. T. J. O'Brien will be reappointed general counsel, J. H. P. Hughart general manager, and R. R. Metheany auditor. No changes in any other direction are con-

templated. Immediately after the meeting of th stockholders of the G. R. & I. the annual meeting of the stockholders of the Muskegon, Grand Rapids & Indiana was held, The following were elected directors: W R. Shelby, J. H. P. Hughart, R. R. Metheany, W. B. Stimson and T. J. O'Brien, of Grand Rapids; N. McGraff and I. N Keating, of Muskegon. Officers were elected by the directors as follows: President, W. R. Shelby; vice president, N. McGraff; secretary, R. R. Metheany,

Mr. McKeen's Successor. Harry Miller, general manager of the following official changes as a result of superintendent of terminals at Chicago of the Baltimore & Ohio lines: W. C. Downing, superintendent of the Peoria division of the Vandalia, has been appointed by Receiver Malott superintendent of the main line division, succeeding Benjamin McKeen; J. O. Crockett has been appointed superintendent of the Peoria division, to fill the vacancy made by the transfer of W. C. Downing. Both appointments are effective April 5. Mr. Downing entered the service of fairs of the company, said yesterday: "On 1.00 the Pennsylvania in the engineering department in 1885; his service with the Van- ing myself, will leave this city to make a dalla began in 1895 as engineer of mainte- thorough investigation of the Evansville nance of way of the main line, which posi- & Terre Haute. We will be accompanied tion he occupied until June, 1901, when he by a representative of an auditing comwas appointed superintendent of the Peoria | pany, who has been asked to make a thordivision. Mr. Crocket entered the service of ough investigation of the property. As the Vandalia in 1895 and has been suc- | soon as this examination is completed a decessively train dispatcher and chief train dispatcher of the main line, and chief clerk

in the general manager's office.

Scalpers Not to Escape. The scalping problem is being freely debated. The extraordinary activity of the say passenger officials, for federal action against ticket scalping, for nothing tends more to demoralize rates. The daily papers often publish accounts of frauds perpe trated in the sale of tickets at scalping offices, and the railroads are often forced to withdraw a low rate on account of the illegitimate use by scalpers. One of the many instances which show how the scalping business works to the injury of localities that seek reduced rates from railroads on special occasions is given by the New Orleans Times-Democrat when it says: "S. F. B. Morse, general passenger agent of the Southern Pacific, in discussing carnival rates to New Orleans the other day, de clared that his road would not grant as favorable terms as it would like to give as LOCAL PRODUCE MARKET Pepperell R. 5%c; Pepperell, 10-4, 19c; Androscoggin, 9-4, 17c; Androscoggin, 10-4, 19c. favorable terms as it would like to give as long as nothing was done here to prevent the ticket scalpers from preying on his and

28.48 | the other railroads."

Low Rates During G. A. R. Week. Reduced rates for the Encampment of the Grand Army of the Republic, to be held in Washington Oct. 6 to 11, together with lower fares between Chicago and New York during the same period and for other occasions, were established by the eastbound roads at Chicago yesterday. The encampment fare will be 1 cent a mile in each direction. Most interest is in the reductions to New York city. The round-trip rate to New York from all points will be \$10 higher than the rate to Washington. This will make the fare from Chicago to New York and return \$26, or only a few dollars higher than the present one way rate between the two cities. The differential of \$2 between the two sets of lines between Chicago and New York will prevail in selling the reduced rate tickets. This will bring the round-trip fare down to about \$24 via the so-called weak roads. The tickets will be on sale Oct. 2, 4, 5 and 6 and return transportation will be honored for passage up to and including Oct. 14. The restrictions call for continuous passage in each direc-

tion. Personal, Local and General Notes. George S. Batty, general passenger and ticket agent of the Iowa Central, has ten-

dered his resignation.

On April 1 Dennis Brown became master mechanic of the Southern Rallway at its shops in Princeton, Ind. The Pennsylvania will place an order for 1,000 high side gondola cars, 100,000 pounds capacity, for its lines west of Pittsburg.

Charles B. Rambo has been appointed

agent of the Central States Dispatch at

Philadelphia, succeeding S. W. C. Rexler, R. G. Thompson, passenger agent of the Wabash, will leave to-day for San Franciseo to join his wife who is at Pomona, Cal. He will be abest several weeks. U. S. Pawkett has been appointed commercial, freight and passenger agent of the International & Great Northern at Denver, and J. G. Worrall to the same posi-

tion at Cincinnati. Chairman Weeks, of the New England Passenger Association, has been selected arbitrator of the request of the Erie for a readjustment of passenger fares between New York and Chicago. The New York Central last week placed an order with the Schenectady locomotive works for twenty-five engines, and the Monon placed an order with the same

works for two passenger engines.

overland train from the Pacific coast m three sections. The interruption of traffic was the longest the system has ever sustained. Within ninety days the Panhandle will Corn steady; No. 1 white, 63%c; No. 2 Steel cut nails, \$2.50; wire nails, from store, was afterward fired be a four-tracked road from Pittsburg to white, 63%c; No. 3 white, 63%c; No. 4 white, \$2.50 rates; from mill, \$2.30 rates. Horseshoes, mains were burned. Within ninety days the Panhandle will

The Great Northern lifted its blockade

early yesterday, bringing into St. Paul its

Sheridan, free from crossings of other roads and above grade of the highways. Express trains can then run sixty miles an hour

with perfect safety.

Jay McCracken, cashier of the Pennsylvania Company at Fort Wayne, will leave this week on an extended vacation. He will spend a month of the time at El Paso, Tex. W. J. Haas, formerly at Indianapolis, will have charge of his work.

The first passenger train to go through to Nashville over the Nashville, Chattanooga & St. Louis since last Friday left Chattanooga yesterday morning, all bridges having been repaired. Regular freight schedules have also been resumed. George G. Clark has been appointed gen-

eral agent of the Wells-Fargo Company in San Francisco, to succeed H. W. Titus, retired on account of ill health, and S. A. Butler, formerly assistant superintendent, has been appointed as his assistant. Warren J. Lynch, general passenger agent of the Big Four, was in the city

yesterday conferring with H. M. Bronson, assistant general passenger agent, concerning improvements to the ticket office at Washington and Meridian streets. C. E. Schaff, general manager of the Big Four, spent yesterday in the city in conference most of the day with General Superintendent Van Winkle, Superintendent

Motive Power Garstang, and other officials of the mechanical department. C. W. Bradshaw, roadmaster of the Louisville & Nashville at Columbia, Tenn., has been appointed superintendent of the Owensboro and Nashville division, vice J. R. Wheeler, transferred to the South & North Alabama road at Birmingham.

evidence that a great many people regard ley lines are not cutting into the Big Four's 5816c; ear, 62c business very seriously, it carrying 29,530 more passengers than in March last year. J. F. Hedden has been appointed super-intendent of the Central New England road, vice W. J. Martin, resigned. The position of general traffic manager has been abolished and the duties will be looked

after by D. A. Geraty, general freight Rates on wheat flour for export will be dvanced April 14 to the basis of 171/2 cents. Chicago to New York. For six weeks it has been but 15 cents, and this enabled Western millers to handle export flour with a little profit, which they cannot do with a 71/2-cent rate.

the Big Four, was in the city yesterday. coming here from Cleveland. He states that the company has already commenced the work of laying the second track on the St. Louis division, and will lay twelve or fifteen Machinists employed in different railroad hops who are members of the Interna-

ional Association of Machinists are planning to demand a nine-hour day and an in-Rapids yesterday, resulted in the choice crease of 121/2 cents per day in their wages. ity. of P. J. Collon, who is vice president of the national organization. Chiarman Pratt, of the Southwestern Passenger Bureau, who has been at French Lick Springs, has returned to his head-

quarters. He states that the lines which

have withdrawn from the association will

pay their proportion of the expenses until

something more definite is known as to the legality of the organization. The Mobile & Ohio, which has been closed to traffic on account of washouts since last Thursday, will not be open for business until Saturday night. Superintendent Clarke says 300 feet of trestle has been washed away near Enterprise, Miss., and that several miles of track has been turned upside down and carried into a swamp. President Shaughnessy, of the Canadian Pacific, has asked for an appropriation of \$19,500,000 out of the proceeds of the new issue of stock. Of the sum \$10,000,000 is to go into new equipment, \$2,000,000 for enlargement of the company's shops at Mont-

real, \$1,500,000 for improving the track and \$4,000,000 for grain elevators and terminal improvements. Marvin Hughitt, president of the Chicago & Northwestern, denies that he is to retire in favor of W. K. Vanderbilt. Mr. Hughitt has been in fact, if not technically, at the head of the great system since 1872, and since 1887 its president. The story of his life for half a century is almost synonimous with that of the telegraph and railroads in the West, he beginning as a tele-

graph operator at Auburn, N. Y. John C. Hassler, who has been relieved of his position as Muncie city ticket agent of the L. E. & W. by the appointment of Harry L. Green to the joint agency of the L. E. & W. and Big Four roads at the new union station, has been appointed traveling passenger agent of the Fort Wayne division of the L. E. & W. and for part of the main division. This position is a new one created by the L. E. & W. to increase the business on the Fort Wayne division. President Edwin S. Hooley, of the Evansville & Terre Haute, discussing the af-

tailed statement will be issued." The natural beauty and grandeur of the Michigan inland region is fast becoming famous. For many years the Grand Rapids & Indiana has presented the attractions of this section for pleasure resorts, and now the Cincinnati, Hamilton & Dayton and the

Michigan Central have awakened to the

fact that they have an inlet by the Macki-

R. L. Turner, ticket agent of the Pennsylvania, was shocked last Saturday when a stranger stepped up to the ticket window and insisted on paying for four trips, New Castle to Sharon, amounting to \$2.40, which he said he beat the road out of four years ago. He said he had become a Christian and his conscience so troubled him that he wanted to end it by paying that sum. He declined to give his name. The agent finally consented to receive the money and turned

companying it with the above statement.

it in to the treasurer of the company, ac-

BUSINESS MORE ACTIVE THAN FOR

SEVERAL DAYS PAST.

Commission Row Especially Busy-Iron and Steel in Heavy Demand -Cereals in Light Supply.

Trade yesterday showed some improvement over preceding days of the week Especially was this noticeable on commission row. Receipts of produce/were quite liberal. Irish potatoes are in large supply but, notwithstanding the large accumulations, prices are well held. Dealers themselves are surprised at the strong tone to the potato market. Beets, turnips and parsnips are weak, as are strawberries, being affected by the cool weather of the last four days. Canned goods rule very firm, tomatoes selling at the highest figures juoted. Dried fruits, as well, are fast sellers. In groceries there is an active movement at practically unchanged prices. Tropical fruits are moving fairly well. Oranges are very firm, but no higher. Apples rule steady, but the range of prices is too high to admit of an active market. The iron and steel merchants are doing a big business, and prices are very strong, but unchanged. The provision market is in a strong position. Home demand is active and export demand is improving, with dry goods houses had a fairly busy day, \$2.500(2.75; Lima beans, lb. 614070 weather conditions taken into consideration. Prices on all lines of dry goods are firm, but no advance has been made for several days. Druggists are quite busy. Paints and oils are moving well. The turicts, while slightly lower, are selling so well that marked declines need not be ex-

Indianapolis Grain Market.

to business.

The local grain market is rather quiet. Inspections are light, with no changes in prices. All cereals are in good request at the following range of prices as furnished by the secretary of the Board of Trade; Wheat steady; No. 2 red, 764c, track; No. 2 red, 764c on milling freight; No. 3 red, 72%@74%c, track; 76%c, track; wagon.
